Lender-Owned means foreclosure properties in which the financial institution has repossessed the home from the owner due to nonpayment of mortgage obligations.

Short Sales means a unique arrangement where the financial institution and in-default homeowner work together to attempt to sell the home before it's foreclosed upon.

Traditional refers to a property listed by a typical seller who is not in either of the prior two categories.

The numbers provided in this report are best estimates based upon data from NorthstarMLS and may not match other data sources perfectly. See Page 12 for an explanation of methodology.
